**September 17th - FRW Lunch Speaker,
Councilmember Joe Haughey**

Joe and his wife Liz moved to Flagstaff in 1979 to live and raise their four children. They now have 11 grandchildren. Joe worked in law enforcement for 11 years before moving to Flagstaff to be a part of a smaller community and for the great outdoor recreational opportunities in and around Flagstaff.

Joe is an outdoorsman and family man who enjoys boating, fishing, backpacking and hiking. He is also a private pilot. Joe owned several businesses in town before going on the road for 17 years as a sales consultant serving clients in Northern Arizona, New Mexico, and Southwest Colorado. Joe now works as a realtor at Valerie Caro and Joe Haughey. He shares a common goal with his daughter; that is to be involved in many volunteer organizations.

As a Councilmember, Joe brings a wealth of practical, common sense and business experience to the table. As a long-time resident, with deep roots in the community, he is working to improve everyone's quality of life in Flagstaff. Joe feels that Flagstaff is a special town.

HAPPY LABOR DAY

NAU COLLEGE REPUBLICANS

The NAU College Republicans are hosting a Legislative/Health Care Town Hall at Gardner Auditorium in the W.A. Franke College of Business Thursday, September 17, 2009 from 6:00 p.m. to 8:00 p.m. Anyone who would like to join us are welcome! The main driver is Tom Jenny, from the Arizona chapter of the Americans for Prosperity. He has four people gathered up to do this town hall, splitting the time between legislative issues and health care. He will try to bring along some elected officials to participate in the legislative portion. He is looking for someone that is articulate on the side of the government health care issue, that is not an activist or politician. If you know of anyone, let me know and I can try to follow up in that regard. It should be fun, but I anticipate that advertising will be a big concern, especially since it is only a couple of weeks away. If you could please pass the word along that we will be hosting this event, I would greatly appreciate it.

Thanks again,
Blake Schritter,
Chairman, NAU College Republicans

The NAU College Republicans will be hosting a 9/11: Never Forget Memorial event on the morning of Friday, September 11th. It will be located on South Campus on the grass field between the College of Business and the College of Social and Behavioral Sciences. The event will begin at 9am and be brief. Currently, we are in the process of having the Mayor come and say a few words. If anyone knows of anyone else who may be willing to speak at the event, please contact me as soon as possible. The display of approximately 3000 flags will be left standing for the remainder of the day. The CR's would like to have as many people there as possible so if you would be willing to spread the word we would

This letter was submitted to the editor of the Daily Sun in response to his article in Tuesday's paper. The article down-played the "Tea Party" event. It probably won't be printed but thought you'd like to know that some of our FRW ladies are eager to voice their opinions!

Dear Editor:

The op-ed regarding the Tea Party in Flagstaff on August 31st in Wednesday's paper is a perfect example of the arrogance of the main stream media. It seems that the writer of the editorial did not attend the rally. The writer also seems totally unaware as to what is driving millions of Americans, of all political persuasions, race and religion, to get off the couch and get involved in what is happening to our country. The people attending this Tea Party and all the others taking place across this land are hard working Americans who love their country and are deeply concerned with what is happening not just with the health care debate but with bailouts, czars, lack of

greatly appreciate it. Also, if any of you are interested in attending, please let me know and I will work on obtaining parking passes for the parking lot nearest the event.

transparency and reckless spending. We want our government to live within their means, not go 9 trillion dollars of debt (why don't you do a story on how much a trillion actually is?) A million seconds is 13 days, a trillion seconds is 30,000 years. The CBO has projections of a trillion dollar health plan and 43 trillion debt for social security and medicare. I suggest you google the national debt.

We want our government to live within constitutional limits and fiscal restraint. When the media, the White House and members of Congress, including Ann Kirkpatrick, dismiss our concerns as you did in your editorial, it leads to further dissatisfaction and distrust. As some have said, a sleeping giant has been awakened and your disdainful dismissal of what happened Monday night is not going to stop the ground swell that will take back our nation starting with the midterm elections in 2010.
